Professional Summary

Motivated and detail-oriented B.Tech CSE (Data Science) student with strong hands-on experience in both frontend and full stack web development. Skilled in building responsive UIs using HTML, CSS, and JavaScript, along with practical knowledge of integrating backend APIs and authentication flows. Developed multiple real-world projects including an Amazon-style e-commerce interface and an interactive Tic Tac Toe Game. Passionate about creating efficient, user-focused applications and eager to contribute and grow in a dynamic development environment.

Education

Meerut Institute Of Engineering And Technology — B.Tech CSE (Data Science), 66.67%	2022–2026
Shri Ram S M Inter College — Class XII, 81.80%	2022
Vidya Sagar School — Class X, 70.60%	2020

Experience

Full Stack Developer Intern — Rieka Elevator and Escalators Pvt. Ltd.	Aug–Nov 2025
• Completed a two-month full stack development internship, contributing to web application development tasks.	
• Worked on frontend UI improvements and backend API integrations under the guidance of senior developers.	
• Gained practical experience in real-world project workflows, version control, and deployment processes.	
• Collaborated within a development team to enhance application performance and user experience.	

Projects

Forever Clothing Website (React, Node, Express, MongoDB)	2025
• Developed a full-stack clothing e-commerce platform with dedicated sections for Men, Women, and Kids.	
• Built responsive UI components, product listing pages, and routing using React.js.	
• Implemented backend APIs, authentication, and product handling in Node.js with MongoDB.	
• Collaborated with a three-member team to ensure smooth end-to-end development.	
MERN Authentication System (MongoDB, Express, React, Node)	2025
• Developed a secure authentication module featuring signup, login, and JWT-based authorization.	
• Integrated email verification, password hashing, and protected API routes.	
• Built user-friendly UI forms with validation and smooth navigation.
